- Hackathon Mentor, Cal Hacks, Oct 2023
- Open-source maintainer, dbt-utils, 2023 – Present

TECH PHILOSOPHY

I believe the best analytics work starts with a clear question and a willingness to be wrong. Over the last three years I have learned to favor simple models that stakeholders understand over complex ones they do not, and to treat every dashboard as a product with real users whose time matters.

SKILLS

SQL, Python, dbt, Looker, Mode
